HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER

HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive

Carriage Factory,
Corner of Second and Morrison Streets.

He respectfully refers to the following

CARD.

Having examined the New Patent Shaft Coupling, invented by H. B. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.

It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.

It is easy exchange for the styles of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, hereto fore considered the best in use.

[DISPATCHES TO THE OREGONIAN

DATES TO JUNE 21.

Washington News

WASHINGTON, June 21.—On the 12th Secretary Fish addressed an official letter to the British Minister, informing him of the action of the House of Representatives at the last session, and recommending a renewal of negotiations for an arrangement of trade with Canada, and inviting Thornton's co operation with the view of negotiation, or a convention covering the interchange of products, free navigation of the St Lawrence, freedom of the Gulf and inshore fisheries, with such other matters as are embraced in the general subject of trade relations between the States and Canada. The British Government has given the Canadian authorities a protocol to control these subjects, and it is expected the Canadians will arrive here immediately to confer on account of the British Minister in relation to the proposed convention.

The President and family returned this evening.

To-day Judge Fisher, presiding in the Criminal Court, ordered the Marshal to summons a number of colored citizens to fill vacancies in the grand and petit juries.

It is generally admitted that Douglas, the colored compositor, will continue at the Government printing office, irrespective of any society action. To day three compositors resigned, one of them a crippled clerk. He would not work with a negro. Another compositor was discharged.

NEW YORK, June 21.—Two additional deaths have occurred from yellow fever among patients on the steamer *Illinois*. Six new cases were admitted to the hospital from the *Saratoga*.

Several members of the Cuban Junta were arrested and confined in jail this evening on information from the Spanish Minister, that they intended to violate the neutrality laws.

JACKSON, June 21.—In the case of Yearger, before the Military Commission for shooting Col. Crane, the defense commenced the examination of witnesses to-day.

A Conservative Republican Convention will meet here on the 23d of June and the Radical Republican Convention on the 1st of July.

MONROE, La., June 21.—Several buildings were burned last night; loss, $50,000.

LOUISVILLE, June 21.—The *Express* has to-day items of Pacific news, clipped from the San Francisco *Bulletin* of the 14th.

BOSTON, June 21.—A thief entered an apartment in Cambridge early this noon and stole silver-ware, bonds and other valuables amounting to from twelve to fifteen thousand dollars.

The Raymond Funeral Ceremonies.

NEW YORK, June 21.—The funeral services of the late Henry J. Raymond took place this afternoon. The edifice, a portion of which was reserved for the family and intimate friends of the deceased, was crowded for two hours before the services began. Rain fell at intervals in torrents during the afternoon, but not enough to prevent a large assembly of ladies. Mayor Hall, Admiral Farragut, Gen. McDowell, Thurlow Weed, Senator Morgan, W. C. Bryant, Horace Greeley, E. Tray, A. T. Stewart, Collector Grinnell and Gen. Custar were present. The chief mourners were Raymond's only son, his two brothers and brother-in-law. Geo. D Jones and other members of the Associated Press, nearly all the journalists of this city, and quite a number from other parts of the country, were present. The ceremony opened with a voluntary on the organ. Rev. Stephen H. Tying read the Episcopal service for the dead. Henry Ward Beecher delivered a touching eulogy on Raymond. Rev. Mr. Kellogg followed with a prayer, and Rev. Prof. Shelden pronounced the benediction. The remains it is understood will be left in the church to night, to be privately interred at Greenwood to morrow.

MEMPHIS, June 21.—Winters, an employee of the Memphis & Louisville railroad, was shot and beaten to death with the butt of a pistol by Chisman, who escaped.

Robert Smith, a former Sheriff of the county, dropped dead in a fit this afternoon.

At a special meeting of the Board of Alderman, this afternoon, Mayor Lefwell asked leave of absence and appointed a black *pro tem.* The Board refused to confirm the appointment, and elected Marshall, whereupon the Mayor became excited and denounced the Board with but few exceptions as thieves, and withdrew his application for leave of absence. The Board adjourned in great disorder.

The Brazilian Difficulty.

NEW YORK, June 21.—The following is a condensed account of Minister Webb's correspondence with the Brazilian government. In October, 1856, the American whaling ship *Canada* got ashore. Brazilian soldiers seized the vessel, sold the cargo and deposited the proceeds in the Brazilian treasury. A proclamation was made by our Government that the owners claimed $400,000 damages, and finally Minister Webb was authorized to compromise on payment of $70,000. The late Baron de Calgept rejected this offer, in behalf of the Brazilian Government, on the grounds that certain diplomatic forms were not complied with. Webb declared this excuse absurd, whereupon he received a note from the Brazilian Government stating that no disrespect was intended, but the Brazilian ideas of *punctilo* were to be kept in standing. The claim not having been satisfied, Minister Webb demanded and received his passports, and while he was preparing to leave for home he discharged his farewell epistle at the Brazilian court, telling them they had acted in disregard of his rights, grossly insulting his Government; that the present pro-slavery Government of Brazil had also violated the rights which by courtesy belong to his colleagues; that Brazil had been admitted into the family of civilized nations and must be required to discharge her duties, if she voluntarily assumed to teach to others the practice of international amenities. This note appears to have brought the Brazilians to their senses. The Government immediately yielded to all Webb's demands, and diplomatic relations were forthwith restored.

BY ATLANTIC CABLE.

MADRID, June 19.—The Cortes has passed a bill giving the acts of the provisional government the force of the law and conferring upon it the power to carry them into effect.

After a stormy debate the Republicans succeeded in bringing before the Cortes a resolution expressing disapproval of the Duke of Montpensier being in Spain and demanding that the Government order him to return to Prestga.

Gen Orrecula, a strong supporter of the ex Queen, has arrived here on the pretext of visiting the estates in Zagevia, claiming his right to do so as a citizen under the Constitution. He was arrested and sent to Arajus to await further orders. He will probably be exiled to the Canaries.

A conspiracy for the restoration of Queen Isabella has been discovered in Grenada.

On taking the oath of office yesterday, as Regent of Spain, Marshal Serrano made a speech in which he promised to respect the Constitution and liberties of the country. President Rivero, in reply, assured him of the support of all Spaniards and members of the new Ministry.

In the Cortes yesterday, General Prim addressed the Chamber. He promised that the Government would observe all provisions of the Constitution and exact equal respect for them from the nation. He expected the majority of the Cortes would continue united in action, and he urged the rebels to preserve an attitude of moderation.

After long discussion, the resolution condemning the presence of the Duke of Montpensier, was rejected by a vote of 94 to 72. General Prim opposed the resolution, arguing that the Duke had perfect liberty to inhabit any part of the country.

MADRID, June 20.—The President of the Republican club of Cadiz has been arrested for making a speech against Marshal Serrano. This action of the authorities has caused great excitement in Cadiz.

In the Cortes, yesterday, Gen. Prim said the Government must be hard, inflexible, even cruel, in repressing disorder. He also proposed economical reforms in the administration of finance.

LONDON, June 19.—Later advices from Melbourne report that the troubles of the Colonial Parliament continue. The members expelled for bribery had been re elected, and the parties bringing the Legislatures, who were sent to jail, by order of the Parliament had been released by the Judges, on the ground that they had been unlawfully committed. The Parliament now appeals to the Privy Council.

SCIENCE AND WAR.

The

The Queen is proud on her throne,
And proud are her maids so fine,
But the proudest lady that ever was known,
Is a little lady of mine.
And oh! she flouts me, she flouts me!
And spurns, and scorns, and scouts me!
Though I drop on my knee and sue for grace,
And beg and beseech with the saddest face,
Still ever the same she doubts me.

She is seven by the calendar,
A lily's almost as tall;
But ah! this little lady's by far
The proudest lady of all.
It's her sport and pleasure to flout me!
To spurn, and scorn, and scout me!
But ah! I've a notion it's naught but play,
And that, say what she will and feign what she may,
She can't do well without me.

When she rides on her nag, away,
By park, and road, and river,
In a little hat, so jaunty and gay,
Oh! then she's a prouder than ever!
And oh! what faces, what faces!
What petulant, pert grimaces!
Why, the very pony prances and winks,
And tosses his head, and plainly thinks
He may ape her airs and graces.

But at times like a [illegible] tune,
A sweeter mood [illegible] her;
Oh! then she's sunny as skies of June,
And all her pride forsakes her.
Oh! she dances around me so fairly!
Oh! her laugh rings out so rarely!
Oh! she coaxes and nestles, and purrs, and pries,
In my puzzled face with her two great eyes,
And owns she loves me dearly.

Ah! the Queen is proud on her throne,
And proud are her maids so fine;
But the proudest lady that ever was known,
Is this little lady of mine.
Good luck! she flouts me, she flouts me!
She spurns, and scorns, and scouts me!
But ah! I've a notion it's naught but play,
And that, say what she will, and think what she may,
She can't do well without me.

[illegible] Stokes and Senter.

In the Virginia *Enterprise* of June 9th we find the following graphic sketch of the two Republican contestants for the governorship of Tennessee. Of Dewitt C. Senter it says:

He is a resident of Grainger county, East Tennessee, and represents the present feelings of that section, which was the most loyal of all parts of the South when the attempt to break up the Union was precipitated. He is a lawyer by profession, is eloquent, is witty and persuasive, is suave to a fascinating degree, is endowed with an exceedingly practical mind and adaptability of disposition, is magnificently developed physically, and perfectly acquainted with party machinery in all its ramifications. His genial deportment has made for him a host of friends, with very few personal enemies. In fact he belongs to the Martin Van Buren class of politicians. His abilities are considerably above the average. His knowledge of human nature, and his practical ability to touch its springs, is very remarkable. On the hustings his voice is both sweet and powerful. It is equal to all the demands of open air assemblage, and does not tire upon the ear. Friendship for him partakes of a high degree of personal devotion among his political friends.

His competitor, William B. Stokes, is thus described:

His [illegible] is that of a farmer, and his home is in the middle part of the State. He is master of a rude sort of eloquence, exceedingly popular with the mass of people among whom he lives. He is exceeding plain in manners, in dress and in style of oratory. In discussion he drives straightforward to the central object of attack, apparently caring little how awkwardly he gets there, only provided that he gets there really. His illustrative power in the use of anecdotes is tremendous. In all respects he is a self made man. His mind is not of a high order, but eminently practical. Unlike Senter, he seeks his object by plunging over and riding down all intervening obstacles. Thus his speeches on the stump are filled with direct and uncompromising [illegible] and [illegible] challenge and menace. [illegible] the rest of all political differences, the tax paying citizens, and Stokes appeals to them, the ballot to ex-rebels must be given [illegible] that they are trustworthy, which [illegible] and also [illegible] sole issue, apart from [illegible] prefer.

About Names.—Dr. Holland, in a letter to the Dubuque *Herald Republican*, says:

At a late hour, we dropped down the stream, and [illegible] river flowing through the [illegible] on our way to Leghorn."

And now why "Leghorn?" Will some person tell us why it is that we Americans, or English, or both, change the name of foreign towns and foreign States, so that natives of those towns and States do not know them when they are pronounced. Pronounce the word "Florence" to an Italian, and he does not know what you mean. He has been in Firenze, and he makes three syllables of the word, but Florence does not appear upon his map. So with Venice, which he spells "Venezia;" and so with Naples, which he spells "Napoli." Again, why do we call that country "Switzerland" which calls itself Suisse, or that city Genoa, which its people call Genova—a word of two syllables? The French are [illegible] worse than we are in this matter, and go so far, in many instances, as to translate foreign names in their own language. A French paper [illegible] is "Angleterre" for England. Can anything be more absurd than this?

THE RUSSIAN ARMY.—Russia has not been behindhand in the general movement in favor of increased military armaments. Her army is not yet fully organized, but the Czar has [illegible] to raise up in number what it lacks in efficiency. The figure of the regular army in time of war has been fixed at 923,000. In [illegible] it will be reduced to 515,000. The reserve, or militia, will number 272,000 on a peace footing, and will be increased 320,000 in case of hostilities. There will, besides, be 229,000 Cossacks. The Russian railways have immensely extended since the Crimean war, so much so that the Moscow *Gazette* is able to thank Providence that nearly a million of troops could be thrown on the Western frontier in a few days.

Gold ink may be made by grinding gold leaf to an impalpable paste with pure honey on a hard slab, with a muller; collect and dilute the paste in a glass vessel with water. The gold will settle in a bright powder, while the honey may be all dissolved out by repeated washings. To use as an ink, mix the powder with a little gum water, as wanted; write, and when dry, burnish with a piece of ivory. The effect is beautiful. Silver ink may be made in the same manner.

It is said that one of the most powerful remedies for bots in horses is a strong decoction of sage tea made very sweet.

The Company will at any time make AN ADVANCE of Cash on its Policies at future Dividends.
No permits or extra rates required for traveling East or in Europe.
Dividends actually non-forfeitable
Thirty days grace on the payment of all Premiums
After two annual payments the Company will, two years after the last payment, issue either a paid up Policy for the proportion of Premiums received, or pay the equivalent in cash
The rate at which we have been sending money East for Life Assurance will amount, with interest, to at least Ten Million Dollars by January 1, 1870. This sum, enormous as it seems, is totally eclipsed by the magnitude of the interest which the Coast is losing for want of it. For instance: Its yield in the East at 6 per cent., compounded annually for ten years, is $6,952,167 27; here at 12 per cent, for four years, and 10 per cent. for six, compounded monthly, $25,690,006 62, or a difference of over eighteen millions!
With these facts in view what Company will likely pay the largest Dividend? The funds of the PACIFIC are all loaned at 1 to 1½ per cent. per month.
Of this large sum it is computed that Oregon and Washington Territory have contributed about one-fourth. This involves the [illegible] going away annually, to keep up the Premiums on Policies already issued, at least six or seven hundred thousand dollars, which if continued will soon drain the State of all its cash. If to California, it finds its way back here for our productions, a market for which we must look for there.
The applicant need not wait two or three months to know if he is accepted or rejected, but can receive his Policy in less than two weeks, and in case of death the money will be paid to his wife in as short a time.

HYGEIAN HOME
WATER CURE,
637 California Street,
Opp. St Mary's Cathedral, bet. Kearny & Dupont Sts.,
SAN FRANCISCO.

DR. BARLOW J. SMITH
WOULD RESPECTFULLY INFORM HIS FORMER patrons, and all who desire the professional services of a Hygienic Physician, that he has just returned from the East, after an absence of four months, during which time he has visited nearly all the Water Cures in the Eastern States, and the various Hygienic Establishments of New York City, Boston and Philadelphia; and with this new experience feels more fully prepared than ever to meet all the demands that invalids may justly claim who desire to be cured by this rational form of medication.
In January last DR SMITH purchased the extensive lot corner of Quincy and California streets, with the buildings thereon, which he has fitted up at great expense, for the accommodation of PATIENTS and BOARDERS, with a greater variety of baths for the cure of DISEASE as well as popular bathing than is to be found in any Water Cure in the United States.
HYGEIAN HOME is the only Regular Water Cure in San Francisco, and by far the most extensive and complete Hygienic Institute on the Pacific Coast.
And we offer to Ministers, Teachers, Lawyers, Miners, Merchants, Mechanics, Farmers, and all worthy persons, especially those who have tried drugs faithfully without being restored, and who are still desirous of regaining health by this rational system of medicine, the hospitalities of our Hygienic Home and Cure. Young men who have become debilitated or lost their health by excessive toil, exposure or enervating habits, contracted through ignorance of physical laws, may with us find more of the encouragement they need, and means that will restore them to health than elsewhere in California.
There is not one man in twenty suffering from Rheumatism, Neuralgia, Gout, or Diseased Liver, Chills and Fever, Dyspepsia, Drug or Secondary Diseases, Spermatorrhœa or Seminal Weakness, Impotency or Nervous Debility, Weak or Inflamed Eyes, Bronchical and Catarrhal Affections, Disease of the Heart, Lungs, Kidneys, Constipation Paralysis, Scrofula, Piles, Inflammation of the Bowels, Chronic and Acute Diarrhœa, Stiff Joints, Oak Poisoning, Weak Backs, Hip Disease, Salt Rheum and many other Diseases common to Men and Women, that cannot be permanently cured in from two to six weeks by Water Cure and Hygienic treatment. Not only will they get cured, but they can learn how to keep well when they go to their mountain homes, their mines, their farms, their stores, and all this for one-half what it would cost to take drugs
Terms $20, by the single week, or $50 for four weeks, Board, Room and Treatment (in all ordinary cases)
N. B—All suffering from cutaneous diseases are treated in separate baths, which are never used by persons bathing for cleanliness. The greatest care and neatness is observed in this respect. No contagious diseases, such as Small Pox and Ship Fever, treated in the Institution.
We have a separate Medical Department for Ladies, which is attended by a thoroughly competent woman, while the private residence of DR. SMITH, which is connected with the Home is chiefly devoted to the accommodation of ladies desiring Hygienic medical treatment.
We have for the past two years made the treatment of female diseases a specialty, and have treated a great number of females, both in the Institute and in their private residences in Nevada, Sacramento and Oakland, who were suffering from Displacements, Prolapsus Uteri, Uterine Hemorrhage, Sterility, Curvature of the Spine, Inflammations, Congestions, and ALL NERVOUS DISEASES, together with diseases common to all.
The ease and rapidity with which the varied diseases and conditions above mentioned have been overcome, especially in the vicinity of the Bay fully warrant us in declaring that there is not one female in a hundred who is thus afflicted but that can be made well and happy in from three to six weeks by the use of Hygienic Baths and Hygienic treatment at our Cure. From all who have come to us and been treated we have yet to learn a single regret from Husband or Wife of the time means of trouble they expended in HYGEIANIC MEDICATION, if they did not get well but could learn how to keep well.
Terms for Ladies $20 a week or $70 for six weeks Board Room and Treatment.
DR SMITH gives FREE Lectures to his patients every Wednesday evening on a Basis. Lectures before the Ladies Hygeian Society the first Wednesday in each month.

HIRAM SMITH'S
Ophthalmic Panacea!

IS WITHOUT DOUBT THE MOST WONDERFUL EYE HEALER that has yet been discovered.
It CURES the most stubborn and hopeless cases of CHRONIC INFLAMMATIONS, GRANULATED LIDS, FILMS, &c., as has been sufficiently demonstrated during the few months in which it has been brought into public notice. The proprietor is so fully convinced of its INFALIBILITY that he WARRANTS A CURE OR REFUNDS THE MONEY. It can do the eyes no harm, and a trial of it is therefore without injury or expense to the patient if a cure is not effected.
It has cured cases of FIVE, SIX, NINE, FIFTEEN, and even EIGHTEEN YEARS' standing in Harrisburg, Linn county, Oregon, and its vicinity, to which the following persons will bear witness:

E. B. MOORE,	NATHANIEL BELL,
A. L. WALLACE,	G. R. WARD,
Mrs. MONTGOMERY,	JOHN
